

## Welcome to the 43rd Annual NMAFP Winter Refresher!

We are so excited to have you join us. Below is some key information for you.

In an effort to decrease waste, the majority of our **handout materials are digital** this year. You may download or view it by visiting our website **[www.familydoctornm.org](http://www.familydoctornm.org)** and clicking on this seminar at the top of the page. If you provided your email when you registered, an email was sent out with this information as well.

The most up to date **schedule of lectures and events** is printed on the reverse side of this paper. Your registration includes breakfast, lunch, and snacks during the conference.

The **Poster Session/Happy Hour** is from 4:45-6:45pm in the Exhibit Hall. This event is worth an additional 2 Prescribed credits and will have complimentary hors d'oeuvres and a cash bar. There will be a table with NMAFP staff where you need to sign a second time in order to receive the extra 2 Prescribed credits for attending the Poster Session.

A **free raffle** entry form is included in your hard-copy handouts. Four winners will get a small prize and one winner will get a gift certificate for a free 2026 Winter Refresher Conference Registration. Please visit each exhibit booth and get a signature to enter. Turn in your completed form to the registration desk by 3:30pm. You must be registered and present to win.

At the end of the conference, please fill out the online **conference evaluation survey**. Responses are anonymous. NMAFP appreciates you taking the time to critique the conference, and we read every response. This information is very useful when planning future conferences. The link to access the form is **[www.familydoctornm.org/evaluation](http://www.familydoctornm.org/evaluation)** and you may access this page directly from our website also.

A **Certificate of Attendance** for the conference, approved by AAFP and worth up to 9 Live Prescribed credits, is available online and was emailed if you provided your email during registration. A list of all AAFP members attending the seminar will be sent to the AAFP Contact Center to report your Live Prescribed credits. Make sure to initial the **CME Sign-in Sheet** at the Registration Desk next to your AAFP ID number. This is one of the main benefits of membership – you don't have to report your CME to AAFP because NMAFP will do it for you. This includes members from all chapters attending this Conference. If you are not an AAFP member, you are responsible for reporting your own CME. The Certificate of Attendance has the name and date of our conference, and the total number of CMEs offered.

***Thank you for attending! We hope to see you at future events!***
